**Subject:** Red Issue

I used red because I wanted to signal a likely appeal from the USSS, and I thought the Board should be familiar with the documents before this happens. (Yellow has fallen into disuse in some quarters.) I have sent two more documents to you on review track, and I gave them yellows. I have enclosed Jane Vezeris's justifications--in July 15 and August 9 letters--in folder 35a in Box 35 in the SCIF. Her argument is different from the FBI's issue with informants, and she conflates 6(3) with 6(5). I thought the Board might want to anticipate its counterarguments.
