**Subject:** Two HSCA records w/Bureau of Prison equities

FYI ONLY. Read only if interested.CALL REPORTDocument's Author: Joseph Freeman/ARRB Date Created: 09/27/96 The Players Description of the Call Date: 09/27/96Subject: Two HSCA records w/Bureau of Prison equitiesSummary of the Call:As related in the previous call summary, Renee Barley never returned my two or three calls back in August, so we sent a referral letter to her w/the two HSCA documents. Our letter was dated 8/21/96. We got a FOIA-form reply, dated 9/3/96, which treated our letter as a FOIA request and informed us that it would be processed on a first-come/first-served basis. As our letter had indicated that we wished to process the two records at today's Board meeting, I called Barley this morning to see if she wanted to give us a serious response. This time she called me back, indicated that she hadn't personally seen the two documents we sent her, and -- when I offered -- said she'd be pleased to have some additional time to look at them and provide us with feedback. I told her that wouldn't be a problem. She asked several general questions about the JFK Act (she clearly had not seen the explanatory material we forwarded with our 8/21 letter) and I filled her in as best I could.Having spoken with her, I think the other reason she returned my call this time is that the Bureau of Prisons has apparently had some JFK documents forwarded to them via other agencies who are trying to process their own documents and occasionally come across Bureau of Prison equities (she mentioned the USSS had sent them one or more records), and I get the impression the B of P doesn't know quite what to do with them. Again, I straightened her out as best I could.She promised to get back to me on the two HSCA documents in question.
