Subject:	NPC Records of President Kennedy's Autopsy Photography
Body:	Are there any old timers there that could help us identify and locate the elusive Ms. Spencer?To: Jeremy Gunn/ARRB, Tim Wray/ARRB, Dave Montague/ARRBcc: David Marwell/ARRB From: Douglas Horne/ARRB Date: 10/01/96 03:19:52 PMSubject: NPC Records of President Kennedy's Autopsy PhotographyCALL REPORTDocument's Author: Douglas Horne/ARRB Date Created: 10/01/96 The Players Description of the Call Date: 10/01/96Subject: NPC Records of President Kennedy's Autopsy PhotographySummary of the Call:I called the civilian X.O. of the Naval Media Center, Mr. Robert Young, and explained that we are searching for any records whatsoever that his command may hold relating to development of photography taken at President Kennedy's autopsy. I told him, in the way of background, that the existing government receipt trail indicates that B & W negatives, color positive transparencies, and color prints of the President's autopsy were developed at the Naval Photographic Center in 1963.I explained that we are looking for the following types of records:-memoranda-receipts-logs-personnel rosters-photographic images of the autopsy (admittedly a long shot).I told him that even if his command holds nothing now, we would like to know when they disposed of those types of records, and to whom they were sent.He said that the only person at his command who should have knowledge of that era is his archivist, who is presently on a TAD assignment out-of-town, and will not be back for about a week. As soon as the archivist returns from TAD assignment, Mr. Young will have this person conduct a careful search for the types of records we are looking for. I explained that my supervisor and I would probably want to pay a call on him and examine any records they have from 1963 (if any are found), but that we would wait for his return call. I emphasized that if Naval Media Center has no records now from 1963, that we would still want to know what the disposition of those records was--who they were given to, and when, and/or what was destroyed, and when.END
