**Subject:** Julius Draznin

As we discussed, we are interested in locating and interviewing Julius Draznin. I have already given you the documents relevant to Draznin's background. Joe and I telephoned a number listed for a Julius Draznin in Los Angeles and spoke to a man who identified himself as "Jules" Draznin, Julius' cousin. However, he said he had not spoken to Julius in years and did not have a phone number or address for him. You might want to start by calling him. Please let me know what you find. Thanks.
