Body:	Subject: Dbase/HSCA-Church database project.David the Dbase god finished preparing the Dbase data. Then I run the two macros on Monday before I left for the day, but it looks as if they did not work. The view (by sequence #) in the HSCA-Church database still has the old information in it. HELP!! Can you please look at it for me and let me know when it is fixed, so I can print out the RIF forms. Thanks ALOT all your help.
