**Subject:** Doug Horne Called Vince Madonia  
CALL REPORT: PUBLICDocument's Author: Douglas Horne/ARRB Date Created: 10/08/96 The Players  
Description of the Call Date: 10/08/96Subject: Doug Horne Called Vince MadoniaSummary of the Call:I called  
Vince Madonia today and asked him whether he remembered anything about the disposition of NPC records  
related to President Kennedy's autopsy photography, and he said he did not. I then asked if he remembered  
any photographs, or records associated with photography, being boxed up and sent to any other agency or  
branch of the government, and he still said he did not.I then explained to him that the Review Board staff  
would like to sit down and talk to him in person about various photography issues, which would include  
showing him some documents, and asking him to comment on them, as well as discussing in more detail  
activities at the Naval Photographic Center in November and December 1963 which were related to the  
assassination. When I told him we were undecided about whether to bring him to Washington, or to visit him  
at his home in California, and asked him whether he had a preference, he said that he would prefer to come to  
Washington, as long as it is in the next month-and-a half or so.He asked me to call him next Thursday, October  
17, and by then he expects to be able to give us a window in mid-November for which it would be convenient  
for him to come to Washington.I will call him at 8:00 PST on Thursday, October 17. He said that the earlier  
people call him the better. He said that 8:00 A.M. is preferable to 9:00 A.M. for people calling him at home.
