Subject: Open House
You two have been designated the supervisors of our "virtual archives" at the open house on Monday. The idea is to have selected documents from the July meeting that are ripe to go to the Archives, and provide a sneak preview to open house attendees (David worked this out with Steve.) If there is anything interesting you can think of (I can look at the advisory I wrote for highlights) to show these people, we will place them in archival boxes and set them up in the room off of the lobby. Then, if you both could remain in the room and answer questions about docs, or just make sure all goes smoothly. We will not provide copies of the docs to them. We will have a meeting tomorrow (Friday) to iron out some rough spots and to finalize details. I'll let you know when that will be. thanks a lot to both of you!
