Subject: Open Meeting Minutes
Here is the paragraph where I especially need your input:Jeremy Gunn was asked to summarize the issues regarding the sequestered collections and records which contain information with no apparent relevance to the assassination. These will now be referred to as "NBR" (no believed relevance to the assassination). The sense of the Board was to acknowledge the principal elements of the October 15 memorandum outlining the staff recommendations on this subject. NBR postponements would be opened in 2017. Hall moved that staff recommendations be adopted, subject to pending explicit direction for handling. Joyce seconded the motion, which carried by a 5-0 vote.I am also giving you a draft of the entire minutes.
