CALL REPORT Issue # 43Document's Author: Dave Montague/ARRB Date Created: 11/13/96 Who initiated the call? Review Board's representative in the call: Dave Montague1966 Inventory of JFK Autopsy Photos & X-RaysSubject: Confirmation of 11.14.1996 visit to Belcher's home in order to review potential assassination records re: the 1966 JFK autopsy inventoryDescription of the Call \_\_\_\_ In a recent meeting held at our offices, Belcher offered to provide access to several boxes of material which he brought home upon his retirement. I spoke w/ former Chief of DOJ's General Crimes Section Carl Belcher last night at home & informed him I'd made several attempts to reach him at work to follow up on the letter sent to him & that I'd like to arrange a visit to his home as he offered. We agreed that I will visit his home on this Thursday (11.14.1996) at 12 p.m. so that I may search his attic for the records. He said he will be home to receive me & suggested I come "dressed in my worst". \* I will carry a receipt for material in case I'm able to convince him to either loan-for-review or donate the material to the Review Board for the Collection.
