**Subject:** "DOJ Leadership" Records

The following is the text of a call report for my phone conversation this morning with Melanie Pustay of the Office of Information and Privacy at DOJ. I've told Ron I'd like him to attend this meeting. Jeremy, you may wish to attend as well. Subject: DOJ leadership records that aren't open in full/search issuesSummary of the Call:I called Melanie to follow up on the memorandum she had told Chet Rhodes she would be sending identifying the records that are not open in full (4 outstanding referrals to FBI, 2 personal privacy postponements). She said she was just about to send it by fax (and in fact I received it within an hour of our conversation). I explained to her that the next step would be for the Board to vote on the claimed postponements. On the referrals, I told her that the Review Board might be able to intercede with the FBI to get them to respond. I also told her that we had reviewed transmittal forms for DOJ leadership records that had been sent to the FRC in Suitland, Maryland, and had found some transmittals that potentially contained assassination records responsive to the Act. I suggested we meet with her to confirm whether these particular boxes had been reviewed to see if they contained assassination records. She was amenable to this proposal, and said she would confer with the person in her office most knowledgeable about the records search to see when that person would be available to meet. I suggested Thursday 11/21 or Friday 11/22 (Melanie is out of the office Wednesday) at our office. Melanie said she would call me back to set up a time.
