**Subject:** Doug Horne Called Mike Rhode

**Body:** CALL REPORTDocument's Author: Douglas Horne/ARRB Date Created: 11/15/96 The Players Description of the Call Date: 11/15/96Subject: Doug Horne Called Mike RhodeSummary of the Call:I called Mike Rhode, as suggested by Annette Anderson, and left a long voice mail for him asking him to please look for records re: possible receipt of JFK brain tissue in 1963, 64, or 65 by the Museum as a follow-up to the lead provided this week by Ken Vrtacnik, medical photographer at AFIP. Mike Rhode and I have spoken on the telephone before, and Tim Wray and I visited him at the Otis Archive in order to review some original Pierre Finck documents several months ago. I asked him to call me next week with feedback on his search results, when time permits.
