1. Channel 7 (WHDH) in Boston called earlier and wanted an advance copy of the tape. They told me that they would receive their footage for the story from Potomac instead. According to your last note, they will be interviewing Powers--unless you object, I'll call them back and offer to FedEx a copy since it looks like they are looking to do a thorough piece.2. Channel 5 (ABC affiliate in Boston--WCVB) called and would like me to FedEx a copy to them. Joe Roache (our contact) said that (FYI) he will try to contact Powers. 3. Lois Dyer from CBS called. She will send someone to pick up a copy, and may send a crew for interviews. I also sent the release to Ortiz.4. George Tamerlani from Reuters TV called. He is sending a crew tomorrow a.m. at 9:00 to pick up a tape and to interview someone here--I gave him your name/David's name/Jack's name as a possibility.
