Thanks.To: Jeremy Gunn/ARRBcc: Phil Golrick/ARRB From: Tammi Long/ARRB Date: 12/27/95 09:21:17 AMSubject: Postal Records at SuitlandI attempted to look at all the records I requested from the Postal Service's accession files at Suitland. Unfortunately, the Postal Service had not updated its list of individuals authorized to view records. Betty Ball and I were delayed by 2 1/2 hours. I did look through three boxes on mail cover, all from the year 1958, which did not contain anything of significance. However, we were informed before leaving that there were three boxes of classified records which we could not access until Suitland had letters verifying our authorization to view the records and a letter verifying our classification level. Betty Ball has taken a list of requirements back to her agency to facilitate our access to the classified records. I will need a letter from Tracy verifying my clearance level.
