Spencer formerly of the Naval Photographic CenterCALL REPORT Issue # 43Document's Author: Dave Montague/ARRB Date Created: 12.09.1996Who initiated the call? Review Board's representative in the call: Dave MontagueMedical; JFK Autopsy Project Subject: Confirmation re: Saundra K. Spencer formerly of the Naval Photographic Center (NPC)Description of the Call \_\_\_\_\_ Through a collaborative effort between David, Doug & myself, I spoke w/ a Spencer today who confirmed she's the former NPC employee who worked there in 1963. Immediately after explaining the nature of the Review Board (& w/out provocation), Spencer made the following statements:-she was in the US Navy in 1963 & assigned to the NPC-she (personally) processed & printed photos shot at the Bethesda Hospital-she recalls an agent possibly named "Fox" arrived at NPC after the assassination & signed in at the "Quarterdeck" (security desk)-she processed either 6 or 8 sheets of 4x5 color negative film-the agent stayed in the dark room w/ her during that process & when the negatives dried, he accompanied her into the processing room (...which was a small room...) she said jokingly-while processing, the agent told her not to scrutinize the photos for their content, rather to just finish the job because he had to leave w/ the photos-she understood the agent's orders, but couldn't help noticing the content because the photos were laying on a table in front of her & from her handling them-she recognized the photos as being JFK's body: (...I saw 1 wound at the base of the neck & 1 wound on the back of the head...the head wound was about...oh... I guess between 2 & 2 1/2 inches on the photo & looked like a chunk had been blown out...I also saw a photo of the brain...but not being removed...of course...)-she recalls the agent took the photos after completion & had to sign for them...she believes if a record of that signature exists, it may be w/in the Audiovisual Center at Anacostial thanked Spencer for her statements & told her that rather than me asking any questions of her, I'd send her a packet of explanatory information in preparation of an interview conducted by members of our Medical Team. Spencer said that would be fine & agreed to our calling her on 12.13.1996 at 2:30 p.m. EST for such an interview. I reviewed the statements she made w/ her for accuracy, verified her address & thanked her for her time.Ms. Saundra K.
