**Subject:** Please disregard my most recent e-mail  
David -- I accidentally sent you an e-mail that I had intended to send to David Marwell in my office, so please disregard it, even though it involves your work.I did want to send you a separate e-mail thanking you, again, for your help with the MCC boxes. I know that you helped us in your spare time and despite an already full schedule. So -- thank you.Laura
