**Body:** I have a task to ask you to perform...it will be comparing the 2 tape recordings of a stenotypist to the resulting transcript to see whether there is a one-to-one correspondence or not. I will explain details when I get to work. What I had in mind was asking you to do this Thursday afternoon after lunch--since I was tentatively going to use the tape machine in the morning.If you have a conflict and need to use the tape machine in the morning, let me knowe and you may do that also.I will explain details when I get to work.
