Subject:	Travel dates...
Body:	Tracy told me I should ask you about leaving late Wed night instead of very early Thurs morning so that I'll maximize the large number of files I'll have to review...Sato Travel told me the airfare is still only $144 (which is the same if I leave Wed or Thurs)...I'd like leave Wed afternoon & return Fri evening; the return flight will give me plenty of time to return the rental car & get to the airport after NPRC closes shop that day...The only extra cost would be the hotel for that night & perdiem...Dave
