Subject: Aly-cleared HSCA docs

Here is the first of what I presume will be several old e-mails that I will be forwarding to you. Our Dec. 1 letter and Aly's 1/30 reply are in regard to DOD-equity documents from the HSCA Security Classified boxes. To: Jeremy Gunn/ARRBcc: Tim Wray/ARRB, Dennis Quinn/ARRB, Douglas Horne/ARRB, Noelle Gray/ARRB From: Joseph Freeman/ARRB Date: 02/02/96 12:21:27 PM Subject: Aly-cleared HSCA docs I wanted to make sure we were all on the same wavelength on the following matter. Let me know if my understanding of any of what follows is incorrect. Our Dec. 1 letter to Aly and his 1/30 reply reference 11 separate documents which -- in terms of NARA record numbers -- represent only 4 HSCA records, as follows: HSCA record 180-10110-10091 incorporates items numbered 1-4, 7, 9 and 10 of our letter. HSCA record 180-10110-10092 incorporates item 5 of our letter. HSCA record 180-10110-10093 incorporates item 6 of our letter. HSCA record 180-10110-10095 incorporates items 8 and 11 of our letter. The documents Aly cleared for release represent all of HSCA records - 10092, -10093 and -10095. Thus these will be included in the list of agency-cleared documents referenced in our upcoming Fed. Reg. notice (reflecting 1/30 Board meeting). Aly did not clear items 2, 9 and 10, which are all part of HSCA record -10091. Thus (even though Aly did clear other documents which are also part of -10091) -10091 will not be listed in the Fed. Reg. notice and will instead be put before our Board at its 2/29 meeting, where the documents Aly didn't want to release will be treated as requested postponements in the larger HSCA record of which they form a part.
