**Subject:** Peter Dale Scott

I don't recollect whether we ever sent the below-referenced letter to Scott. Please advise. If the letter was sent, please send me a copy, as I do not have one in my files.

Tim--I would like you to take personal responsibility for reviewing and evaluating two Peter Dale Scott communications: Oswald, Marine Corps Intelligence and New Priority for the ARRB. I gave you a copy of the first article some time ago and I have put the second one in your box. Please review the communications and let's discuss the merits and how long a response will take to prepare. I would like to have our first discussion by Friday. Ultimately, I would like you to draft a point-by-point memo responding to his communications. To the extent that we can make reasonable requests for records he seeks, let's do so. To the extent his requests do not make sense, let's follow up with him for clarification. I think it would be appropriate to have a good wrap-up memo of the same type as yours on Army intelligence. I would like to have a first-rate response to Scott. Although we should take as much time as we need to complete the memo, I would like to have this be a top priority during the next few weeks. I have assigned the sub-project the pedestrian name of "Peter Dale Scott Communications" in J-Track.
