**Subject:** Clemard Joseph Charles  
Back in December Tim, Dave and I went to IRR and during the course of our visit we requested the file of Clemard Joseph Charles (CJC). Throughout the file are numerous references to George DeMohrenschildt. In addition, the sensitivity with which they treated our request to view this file was such that we had to speak with Burt Hagget from the Pentagon. He asked that we inform him if we decide to classify CJC's file an assassination record. I spoke with you about this once before, but I never raised the topic of how to classify this file or parts of it an assassination record? The file needs to be reviewed more closely and I do not want to let this one get off of my radar for to long.
