ProjectSubject: Visit to Montgomery County Circuit Court re: Evelyn Lincoln EstateDescription of Activity  
\_\_\_\_\_ I visited the facility yesterday and reviewed all their records concerning the Estates of both Evelyn  
Maurine Lincoln & Harold Wayne Lincoln. Harold survived his wife and most information concerning their  
assets lies w/in Harold's file. Michael Burch is a clerk in the Office of the Register of Wills & provided reviewed  
both files in their entirety, pointing out various documents which his office normally feel are important. Burch  
made copies of both files for me.Documents of note include:-last will & testament (evelyn & harold) -  
resignation of blakeslee as executor-sealed exhibit-striking of atty james salter's name as attorney for the  
personal representative of harold's estate & replacing his name w/ atty john noble -hearing-distributions-  
petition for removal of personal rep & objection to inventory & accounting-exception to petition for partial  
payment of fees & commissions-amended inventoryBoth wills denote the following beneficiaries who may  
have assassination related material: I also visited the Civil Records Division, asked for assistance & found no  
record of any filings during 1996. A visit is planned to US District Court in Baltimore tomorrow.Montgomery
