Subject: Humes - October 31, 1962

Body: How can I open up the attached photo?To: Jeremy_Gunn @ jfk-arrb.gov (Jeremy Gunn) @ internetcc: Douglas Horne/ARRB&ARRB (bcc: Jeremy Gunn/ARRB)From: kathy @ praxis.net (Kathy Cunningham) @ INTERNET @ WORLDCOM Date: 01/21/97 08:04:25 AM CSTSubject: Humes - October 31, 1962Dear Mr. Gunn, I'm passing on the attached photo because I'm one of the few people topossess it. Its a 38 year old Commander Humes on the steps of BethesdaNaval Hospital on October 31, 1962. It was "lifted" out of the LabStudent graduation photo for "Lab Class 33" - "Lab Class 35" had begunshortly before the assassination. I also have the full uncropped photo,and it does include some of the periferal "players" (such as LelandBenson). If you think it would be of value I can scan the photo andidentify all in it.Kathy
