**Subject:** letter to fbi following up on lat week's compliance meeting  
A draft letter is attached to the hard copy of this email. I'd like to get this finalized and in Carol's hands by noon on Wednesday, if at all possible. Three observations: (1) I have cast this document as a letter from me to Carol, in order to avoid the awkwardness of drafting for David's signature a letter repeatedly referring to a meeting he didn't attend. One alternative would be to change this to an "external memo" from me to Carol. (2) Some items discussed in my draft letter arguably could be handled just as well as separate additional information and records requests. Similarly, I intend to prepare an additional information and records request for the personnel files of several FBI employees (as we have discussed among ourselves and mentioned to Carol at the Jan. 15 meeting), although I considered inserting this as an item in the attached draft. (3) The question about newly-created assassination records, noted but not really answered in footnote 3 of my draft letter, is one that could arise with several agencies, and one that we might try to resolve as part of the compliance program.
