Subject: Conference Call
is scheduled for Thursday, January 23, 1:30 p.m. (operator will begin placing calls at 1:23). I have not yet heard from Henry regarding his availability but included his number and told the operator to try him even though we are unsure about him at this time. It is up in the air right now whether Bill Joyce will give us a number where he can be reached in NYC or if we will give him the 1-800-232-1234 number so that he can call in and give the CR number 83757 and ask to be patched into the call.I am letting you know about this because sometimes Board members call in and talk to you without my knowing about it and you will be able to pass this info along to Bill.
