**Subject:** OSD Discs

**Body:** Due to the fact that the OSD disc retrieved from David Bosworth does not work (my guess is that they tried to re-format it and erased it), I have arranged toget another disc from Steve Tilley for OSD. Eric will be bringing it down today. In the meantime, NO ONE from OSD should be cretaing RIFs because the numerical sequence would get all out of order. So, if they have any other discs, please tell them not to work with them. Also, once we have the new disc, we will get RIFs assigned to the three documents voted on this morning by the Board.
