Board's representative in the call: Dave MontagueFox Project; related to Medical: JFK Autopsy Project Subject:

Confirmation re: James K. Fox's relatives &amp; possible records...Description of the Call \_\_\_\_\_ After several

attempts, I spoke w/ a Eugene Kyle (prefers "EK") Fox today who confirmed he's the son of the late James K.

Fox &amp; that his father was a member of the US Secret Service (USSS). EK was very cordial &amp; immediately after

explaining the nature of the Review Board, made the following statements:-he is familiar w/the Review Board

from various media stories &amp; understands our purpose-his father (James) died on 06.17.1986 of abdominal

problems &amp; his mother (Geraldine) died on 05.02.1987 in Bradenton Beach, Florida-he was contacted several

years ago by a person (doesn't remember the name) purportedly an investigative reporter w/ a Miami

newspaper alleging: 1)James visited him &amp; showed him some photos re: the assassination, 2) 1of the photos

was of the back seat of the limo &amp; some flowers on it, 3) 1 photo of deceased JFK...the reporter wanted to

know if EK was aware that some assassination related photos were "outside of the Government's control"...EK

said he didn't know about this &amp; doubted James (who was "closed-mouth") would approach a reporter w/such

material...-he recalls James telling his Geraldine over the years that he was a part of the "autopsy team" &amp;that

he (JFK) was "...in really bad shape..."-he referred to James as "a historian of sorts" &amp; wouldn't be surprised if

James did hold onto some type of written &amp;/or photo material...EK has never heard of such material for sure,

but "...I figure my dad shared or gave my mother something like that if it exists..."-he believes there is a strong

chance of photos may actually exist w/in Geraldine's old apartment in Florida...it's currently being rented &amp; EK

manages the property-he &amp; his brother plan to visit the property in April to finish reviewing materials left by

their parents &amp; (again said) wouldn't be surprised if his father had something related to our efforts-he wanted

me to know James took his association w/the assassination seriously from a historical perspective &amp; would

probably not have shared info or photos w/ anyone outside the family or close circle of friends-he recalled his

father relating a story to the family re: a "James Rowley" who was possibly in charge of the security detail

telling JFK that he should definitely "go w/the bubble top limo instead of the open one", &amp; that allegedly

"...Rowley even raised his voice at the President about it..." EK is an engineering consultant in the Northern
