However, I was waiting for an advisory letter from DOJ to complete the files so that they can be sent over to the CIA for SCI. I just received those letters late last week, so the files should go to CIA this week.Please be assured that we take clearances and security procedures seriously in this office and would never have allowed you to look at documents for which you are not cleared. However, it can never hurt to double check with us when you are not sure.To: David Marwell/ARRB, Jeremy Gunn/ARRBcc: Tracy Shycoff/ARRB From: Michelle Combs/ARRB Date: 12/16/96 02:54:35 PMSubject: Re: SCI ClearancesThis response from Tracy in answer to my first e-mail has caused some concern for Irene and me. We have both been working with Top Secret documents for several months now believing that we had the clearances to do so. If we do not yet have Top Secret clearances then we are in some difficulty--both legally and morally. Perhaps our concern is needless, but we would appreciate some clarification of our current status. Are interim clearances good indefinitely?To: Michelle Combs/ARRBcc: From: Tracy Shycoff/ARRBDate: 12/10/96 03:04:41 PMSubject: Re: SCI ClearancesActually, no. I haven't sent the next batch over yet. I can't remember if your Top Secrets were ever finalized. I'll check into it and get back to you probably next week. Thanks for the reminder.To: Tracy Shycoff/ARRBcc: From: Michelle Combs/ARRB Date: 12/04/96 03:15:11 PMSubject: SCI ClearancesIrene and I were wondering if there has been any movement on our SCI clearances?
