Subject: Back-up
Tuesday's back-up failed. I don't see any good reason but the last few lines on the screen read:Start Bak-up ... just OS/2 and NotesOverwrite Same Tape NameFormat Friday_Novell_Notes_D as Tues_Notes_FullStart Workstation Backup - 0000FFFF - 00805F384051Backup D: to Tues_Notes_Full Session 1 Contact Workstation on LanB, Packet Size 1024ES001 Failed to establish connection with WS@0000FFFFES000 Failed to connect to workstation - Is agent loaded0 Files 0 KB written to Tuesday_Notes_Full @ KB/minBack-up operation failedIt sounds like it is saying that the tape wasn't loaded but I'm sure it was. However, the tape was popped out when I went in this morning. Maybe much ado about nothing but since Friday's failed also, I wanted to make sure it wasn't a problem.
