If not, I would like us to call him back. Do you anticipate he will be cooperative? Should I call, or should one of you? Please let me know.To: Jeremy Gunn/ARRBcc: Kevin Tiernan/ARRB, Manuel Legaspi/ARRB From: Dave Montague/ARRB Date: 02/03/97 12:02:13 PMSubject: Confirmation re: Robert MaheuCALL REPORT Issue # 43Document's Author: Dave Montague & Kevin Tiernan/ARRB Date Created: 01.31.1997Who initiated the call? Review Board's representative in the call: Dave Montague & Kevin TiernanMorgan & Maheu ProjectSubject: Confirmation re: Robert MaheuDescription of the Call _____ We spoke w/a "Maheu" recently who confirmed he's the same Maheu involved in the plot to assassinate Castro during the early 1960s & was an intelligence officer at one point. Maheu described himself as a "problem solver" & asked for background information about us before consenting to any further questions. We explained the nature of the Review Board & asked Maheu what he recalls re: the Castro issue or anything JFK related. Maheu made the following statements:-nothing was preventing him from speaking or disclosing any info; he has felt this way since the Church Committee-besides his previous testimony, he doesn't recall any other records-he was "...in the business of solving problems...not a private investigator..."-he's had his firm named "Robert A. Maheu Associates" since 1954-there is nothing he can add to his Church Committee & HSCA testimoniesWe related our interest in any other people who might have knowledge of such possible records, to which Maheu said "...I don't know of anyone else...take the 2 reports (Church & HSCA) & that is it...". We told Maheu we'd send some explanatory info to him just in case he does recall records or other sources of records; Maheu agreed to respond if he found any.We verified Maheu's information, asked him to inform us re: any possible records he might recall & thanked him for his time.Robert A.
