Subject: our request for personnel files for FBI agents
Carol called with a question about this request. For some of the identified individuals, there are OPR or other internal-inquiry files falling within the specified time periods, but not related to the handling of the Oswald case or the assassination investigation. She asked whether we wished to review files of this type ourselves, or if she should review them and provide us with only the "personnel" files and assassination-related OPR/internal inquiry files (if any). Although she did not say so directly, I gather her question was prompted by the privacy concerns implicated by this type of file. I told her that I would raise the question with you and get back to her.
