Subject: SCI clearance
The military team is in the process of reviewing documents for relevance to include in the military declassification program. There are a large number of documents which are part of a military special access program requiring an SCI clearance. In order to complete this task, which requires more than one person, I need to have my SCI. On Tuesday morning, Will Kammer at the Pentagon's Joint Staff office told me that he will not grant me access until he has on record that I have been given an SCI.Tracy is it possible to expedite this process?
