CALL REPORTDocument's Author: Joseph Masih/ARRB Date Created: 02/26/97 The Players Who initiated the call? Review Board's representative in the call: Joseph MasihUS ARMY Central Security Facility's representative in the call: Elaine RogicDescription of the Call Date: 02/26/97Subject: IRR records w/referralsSummary of the Call:I called Elaine Rogic as both a follow-up to her voice mail message of last week and to make a request. Last week she stated that they were running behind schedule and did not anticipate that the copying would be done until the week of February 24th, but that she would call me when they were done. I called on February 26th to inquire about when they would be completed and she said that they are still behind schedule. I then asked, per Tim Wray's request, that they fast track the Richard Case Nagell and Antonio Veciana files so that I could pick them up on Friday for ARRB research purposes. Her response was that they were only copying the referred pages. This was new to me since I was under the impression, perhaps mistakenly, that they were copying the enitre files. Nevertheless, I asked that they copy the entire file for both individuals. Elaine's response was that she would get back to me. I reiterated that I would be able to pick them up on Friday if they completed them. On the whole project she again said that they were behind schedule, but this time did not say that they would be ready by next week.Don't forget to compose individual Action Item documents for any action items that resulted from the call!
