Subject: Nina Noring call of this morning

The famed DOS record from the Security Classified Files (180-10110-10144) concerning the investigation into the DOS passport office has apparently not been processed yet, as it is still in Review Track. The e-mail forwarded below is the last thing that I know that happened on the issue. So Nina Noring needs to be asked, if she hasn't been lately, whether or not DOS has ever come up with any evidence (or confirmation of deceased status) on any of the names they've wanted to protect. To: Mary McAuliffe/ARRB, David Marwell/ARRBcc: From: Joseph Freeman/ARRB Date: 09/26/96 12:29:38 PM Subject: Nina Noring call of this morningI spoke w/Nina yesterday, but she called me back this morning to say that she's actually found someone in some State Dept. pension office in Pennsylvania somewhere who's willing to try and nail down whether some of the individuals whose names appear in the passport office investigation document are still living or not. This will take a little while so she formally requested that the Board defer consideration of the document. I had already told her yesterday that we wouldn't be taking the document up at this meeting anyway, so I simply reiterated that assurance to her again this morning. She will let us know when she gets some information back from the pension records office.
