Subject: USSS

I just spoke with John Machado. He suggested Steve Sergek, who is now Assistant Director of the Office of Protective Research. His number is 435-5725. John advises that Sergek would be the key person to call. John also implied that a letter from you to Sergek would spark more activity. John mentioned that Jane's assistant is Doug Cunningham, Assistant Special Agent in the Office of Administration. He has just begun to participate in the review process in the last few weeks. His number is 435-5780. John said he sent some documents by mail on Friday and that he is making progress responding to our SS-13 and SS-14 requests. He mentioned that Ann Parker (his assistant) would be out of the office this week. John said that he had wanted to bring us material from the Bolden file last week but that it did not work out. Another of his assistants is gathering this material.

Body: John will be out of the office tomorrow.
