Subject:	Request for information on a former military person...
	Wilson:I have a request re: a name from our roster of military people of someone we'd like to contact as soon as possible. His name is "William A. McKinney" and he used to be a member of either the 112th or 316th Army Military Intelligence Units during 1963. I also have the following service number for him: RA15692669, but do not have an SSN. Any effort to find his file and provide his SSN and date of birth (plus anything else you find noteworthy), would be greatly appreciated. I don't think I had his file during my last trip to your office.I decided to e-mail this request since it worked so well for us on our last project. Please tell Bill I said hello and thank you once again for all of your assistance with our efforts to find possible assassination records.David R.
