Subject: DOJ Criminal Division microfilm rolls
I have put a draft letter to Stephanie Fawcett in your inbox. I am entrusting with Kevin printouts of the following assassination records (or perhaps "near" assassination records) from the Criminal Division microfilm rolls: (1) Records concerning Clarence Smelley; (2) Records concerning Jimmy Hoffa's reaction to the assassination; (3) Records concerning organized crime in Dallas area and/or Civello and Campisi. This last category is the "near" assassination records. These are not the sort of records that I would expect Stephanie Fawcett to identify as (in the language of my draft letter) "expressly and directly related" to the assassination, but they are the type of record that I would imagine Tom would be on the watch for, if significant referrals/redactions are contemplated under FOIA.
