Subject: NSA docs we were discussing...
Here is the latest.Doc #10077: We have established what the Board's intent and vote were, and he knows how to prepare it.Docs 10102 and 10119: No longer an issue; we have cleared up the confusion.Docs #10142 and 10155: Must be withdrawn from consent release and be reconsidered for names.Doc #10087: on the issue we discussed, the Board has supported such a redaction in Doc # 10120. I think that given the precedent, we can just make a technical correction.Doc #10118: on the item we discussed, the Board has previously upheld such a redaction in docs #10082, 10109, and 10112. Given the precedent set by the Board, I think we can just make a technial correction.
