Subject: Lincoln Estate

CALL REPORT: PUBLICDocument's Author: Brian Rosen/ARRB Date Created: 04/02/97 The Players Who initiated the call? Review Board's representative in the call: Brian RosenGeneral Public's representative in the call: Stephen Blakeslee, Jr.Description of the Call Date: 04/02/97Subject: Lincoln EstateSummary of the Call:I followed up with Mr. Blakeslee regarding our February letter seeking assassination records in the contents of the Lincolns' estate. Mr. Blakeslee stated that he received one 4-drawer file cabinet from the Lincolns. He has not had the opportunity to thoroughly review the contents of the cabinet but stated that he believes it consists mostly of personal financial records (old bills, checking accounts, tax returns) of the Lincolns. He agreed to conduct a more thorough examination and get back to me as soon as possible. In his former role as executor of the Lincoln estate, Mr. Blakeslee stated that he only reviewed the contents of the estate to the extent necessary to transfer them to the correct beneficiary. For this reason, he did not examine many smaller items if they were already packaged in larger trunks and cabinets that were labeled for distribution. He also stated that both he and Frank McGuire were present at the inventory and appraisal conducted by Robert White. According to Blakeslee, the inventory was very cursory and included an inspection of the more significant items in the estate and was not a detailed examination of documents and notes of interest to the Review Board. It is his opinion that the Lincolns would have sent anything of historical significance to the JFK Library. However, he did state that Robert White would have the most knowledge of what Evelyn Lincoln kept from the White House. Don't forget to compose individual Action Item documents for any action items that resulted from the call!
