Subject: USSS issues

I called Steve Tilley this morning to ask whether John Machado had brought the Nagell file to NARA yesterday. Steve said he did not receive anything yesterday and that John has not brought anything to him for several weeks. Steve also said that he did not look at the Secret Service box at the LBJ Library because it was not on Jeremy's list. I called John to ask about the Nagell file. He said he did not get around to it because he wanted to call BOP as a courtesy to tell them that the Secret Service would be bringing the Nagell file to the Archives. I asked him if he could call Michelle Coulombe today to notify her. He said he would. I asked him to bring the Nagell file to NARA on Monday. He said he would. John said that the material from personnel files that we included with the March 28 letter has caused "concern" at the Secret Service. John said he would not be bringing any material to our office today. He said he will have a meeting with Jane Vezeris on Monday to finalize his letter. He said he would bring his responses to our formal requests on Monday. John said that Vezeris had gone through a long list of issues with you last Monday. Is there anything from your conversation with Vezeris that I should know?
