**Subject:** FYI

I have received about the same amount of media interest in our April 24 Board meeting as we did in the April 2 hearing. C-Span will decide Monday if they will cover it. AP, Newsday, Fox are all interested in covering. Other news organization were notified via voice mail and I didn't get their reaction. My bet is C-Span will pass if there is other action, especially on the Hill. AP will be here and will carry the open meeting on the daybook, so other media representatives may show if news is slow. Jack has an interview scheduled at AP Radio in the morning and has been asked by WMAL to tape a show with Ms. Saunders for broadcast later that night. Mike Dorman wants a quick briefing after the meeting with as much info as he can get. By the way, Mike is trying to work a deal with a national magazine (he mentioned The New Yorker) to write a story on ARRB. I said we'd help as much as possible. The FBI press release is written (as you know) and now working through the system. Nagell is partly written. I'm going to NARA Friday to help Eric look at the files in connection with the Rankin release. David likes the Rankin story best. Have you heard anything lately regarding the AP wire copy or Cooper film? How about the Lifton tapes? By the way, looks like the Garrison tapes will not be here and edited for the AP interview on the 24th. Disappointing. Take care, Thom
