**Subject:** Board Conference Call  
I don't know whether you are getting messages, but in the event that you are:Kermit wants to either: (a) take the film and let the chips fall where they may, or (b) tell NARA that the film is an assassination record and let NARA decide what to do about it. He thinks that is very wrong for the Review Board staff to be involved in negotiations with the Zapruders.How about that?With the exception of Jack, it seems that most Board members lean toward taking the film.How do you figure?
