Publishing information: W.W.Norton and Company, 500 Fifth Ave., New York, NY 10110...We have questions for him about some of his sources for his book, particularly his knowledge of Hoover's O/C files.New InformationSources indicate he's:-been a freelance writer since 1961-head of the Mail Order Department at Paul Elder Books, San Francisco (1954-1957)-manager of Tro Harper Books, San Francisco (1957-1961)-an American born during 1931-genres include: science fiction/fantasy, history & biographyAnother source provides the following as his writings:-the dolphin guide to san francisco & the bay area-jade stone of heaven-the madams of san francisco: a history of the city by the golden gate-john m. browning: an american gunmaker-the vulnerable americans-frame-up: the incredible case of tom mooney & warren billings-the killer mountains: a search for the legendary lost dutchman mine-last days of the late, great state of california-operation overflight (written w/ francis gary powers)-second in command (written w/ edward r. murphy, jr)-helter skelter (written w/ vincent bugliosi)-in u.k. as the manson murders-j. edgar hoover: the man & his secretsI believe the correct "Gentry" to be: Curtis M. Gentry of 16761 Viewpoint Lane, #205 in Huntington Beach, CA 92647, 714.841.1246. His name is previously associated w/:Another source indicates the movie rights to "J. Edgar Hoover" were sold to Francis Ford Coppola. It also cites Gentry's agent as: Irving S. Feffer of 609 North Alta in Beverly Hills, CA 90210. I could not find a current listing for Irving Feffer in Beverly Hills, 90210 but did find a "Joe Feffer" w/a residential listing.
