Subject: I need a deed of gift...

Laura, A while back, (I'm not even sure of exactly when), a former Air Force man named Chuck Holmes contacted Tim and gave him the base log from Andrews AFB from November 22, 1963. This log sort of sat in Tim's desk for quite some time, and has not yet been handled or processed. I am now trying to close out many of the outstanding issues that can be easily closed, including this one. According to Steve Tilley, we need for a deed of gift to be drawn up so that NARA can accession this. He said that you are the deed of gift person in this office and would know what to do. Whatever I can or ought to do in order to facilitate this and help you in this endeavor, please let me know. [Holmes' phone number and address are in the public contacts database.][Ed. note to Doug: Steve said that they will do the RIF on this; we don't need to worry about it. Also, as for that official letter to Holmes, he said that they never do anything like that, so it is up to us to have a letter thanking him for and acknowledging his contribution. I would also guess that we should try to have Jack (as Chair) and David (as E.D.) sign this letter. What do you think?]
