Subject: Follow-up to USSS referral issues.
Just so that we are all on the same page: Sydney, Joan, and I discussed the NARA records that need to be referred. Joan will review the pile for the purpose of identifying the records that have USSS equities and determine whether they have already been released or, whether they need to be referred to USSS. We will then send those to Machado. Once Joan completes the sorting, Brian, Sydney, and I will review the non-USSS records and determine where they should be sent. When we get the referrals back from USSS, we will see whether any other agencies need to receive them.
