Subject: That Paula Jones Business!

Body: Author: Douglas Horne/ARRB Composed: 01:26 PM TodaySubject: That Paula Jones Business!Category: When the trial starts, if it does start, can't you all just imagine the unseemly discussions regarding "particular identifying marks" on the President's body? Ugghhhh!This is starting to sound like the Michael Jackson case, "Deja-Vu all over again!" Stop the World, I Want to Get Off--what an ugly mess for the dignity of the office of the Presidency. This is what happens when the Alpha Males get out of control--they literally start acting like baboons.My prediction is that since the President will not want to have his body inspected by an independent third party, and results reported in a public trial, there will be an out-of-court settlement.
