Subject:	RIF Discs for the Army--Two Part Tasking

Body:

PART ONE:I just had a long discussion with Colonel Moore, the Army Compliance Officer. He had called David to say hello, introduce himself, and ask if there were any problems or hard spots. One of the things I discussed was the requirement for RIFs in the JFK Act. (Of course, he had never heard of this, nor had anything else in the Army.)Steve Tilley is on vacation for one week, but will be back next Tuesday or Wednesday. Please call him and arrange for RIF discs for the Army which will have sufficient numbers to cover the large volume of papers in the Califano collection.I told Colonel Moore that we would serve as intermediary, and as facilitator would hand-deliver the RIFs to him with a cover-letter which would provide as one enclosure the discs, and as another enclosure the applicable portion of the JFK Act which explains the RIF requirement. Although he will assign the RIFing to Pat Smith for accomplishment, the letter should go to him.Please call Pat Smith (after you resolve all of this with Tilley) and tell him you will be bringing it over to him. Of course, if Tilley determines that the RIFs for the Califano Papers are NARA's responsibility, then this requirement goes away. But I know Tilley is adamant about RIFs being required. PART TWO:Arrange with Tilley for separate RIF discs for the Army's Investigative Records Repository (IRR); these are intended to cover the 34 investigative files we have flagged as assassination records. We will deliver these to Elaine Rogic in person.
