Subject: DIA Compliance

Ron, today we received from DIA, via registered mail, the results of DIA's review of the 17 PTC microfilm telexes which Joe Masih and I dropped off with them at our May 14 meeting. Today Christopher also completed review of the DIA SF 135s for records sent to Suitland in 1963-64. We see no records in that group which we want to have DIA pull and review. However, there are other outstanding items of business from our May 14 meeting which I need to discuss with Anne Winner, as well as two new items of business (for which we will be sending written notification/explanation) which I will be discussing with her also. I intend to call her this week, probably tomorrow. I will write up a comprehensive call report after the phone conversation. END
