Subject: NSA Documents
We are still interested in the status of the NSA documents. I spoke to David about doing a news release. He said we could do one, but we cannot characterize the documents in any way. Please advise me of the current status of the documents and when you think they may be ready to go to the Archives and for us to do a news release. As you are aware any discussion of "press" or "news release" should be kept internal, as the topic makes the NSA uncomfortable. Of course, after we have the documents all ready and before we actually do our news release, we will talk to NSA. Thanks.
