**Subject:** correspondence from Paul Hoch

Tom:I will be faxing you a copy of the August 13, 1997 letter from Paul Hoch. Jeremy has asked that you take a crack at responding to him. There are certain things that he does request, and here are some thoughts on how to respond: 1. He seems to want to know which of all his leads we have followed up on. That would take a lot of time, but Jeremy suggests we respond by mentioning that we have considered all of his leads seriously and have particularly followed up on leads regarding the medical evidence. 2. He states that he has approx. 70 pages of correspondence with people associated with Garrison's office, primarily Tom Bethell. Yes, we would like to see that. 3. He wants to know if there is a written version of your comments from the COPA conference. I can check with John Judge on that -- maybe he has a transcript? We can talk about this in greater detail on the phone. Let me know if you have any questions. Eileen
