Subject:	RIF counting
Body:	I gave Janice the RIFs that you gave me yesterday -- I looked through them really quickly and I didn't see that you had marked that the files had any "foreign" information. Hopefully, these files don't contain foreign information or I just didn't see where you had written it down. If so, ignore the rest of this e-mail.But, if the files do have foreign information, please, please, please make sure you mark it so that it gets entered into the computer. Otherwise, we will be presenting documents to the Board & asking them to vote to open information from foreign governments that we have not negotiated or made decisions about. (A bad result, believe me.) So, if you haven't been writing down that the files contain foreign information and they do, get your RIFs back from Janice and make sure that they reflect that foreign information is present if it is.Thanks.Laura
